FRIDAY.....NOVEMBER 5, 1880.

NEWS OF THE MORNING.

Oregon is certain for Garfield by from 300 to 500.

The Republicans now claim North Carolina.

The last vote from California showed 69,905 for Garfield and 67,027 for Hancock. The majority may be reduced but California is sure for Garfield. Page, Pacheco, Berry and Rosencrans are elected Congressmen. The Legislature is Republican by 4 to 6 on joint ballot.

The Republicans think John A. Kasson of Iowa the most available man for the Speakership. Secretary Sherman will contest the Ohio Senatorship with Foster, Taft and Matthews. Justices Hunt and Clifford will give place to Devens and Edmunds.

Garfield States are estimated by J. W. Simonton thus: Colorado, 3,000 majority; Connecticut, 2,500; Illinois, 35,000 to 40,000; Massachusetts, 30,000 to 40,000; Maine, 4,500; Minnesota, 25,000; Nebraska, 15,000; New Hampshire, 3,000; New York, 20,000; Ohio, 30,000; Oregon, 1,000; Pennsylvania, 35,000; Rhode Island, 5,000; Vermont, 25,000; Wisconsin, 15,000; Michigan, 40,000.

The Times' Omaha special says: It is creditably rumored that Senator Hitchcock, who was a classmate of Garfield at Williams College, will be tendered the Secretaryship of the Interior.

During October more than 3,500,000 standard silver dollars were put into circulation. Of this amount \$866,000 went into Texas; \$2,067,500 of the \$3,500,000 went sent from the New Orleans Mint, and \$1,342,500 from the Mint at Philadelphia.

Mining Interests.

The following mining companies had a balance on hand November 1st: Consolidated Virginia, \$15,570 59 in cash and \$79,840 91 (assay value) in unsold bullion; California, \$23,771 22 in cash and \$142,117 01 (assay value) in unsold bullion; Mexican, cash \$43,511 19; Ophir, \$2,824 92; Northern Belle, \$165,802 65 (October expenses unpaid); Standard Consolidated, \$165,679 87 (October expenses unpaid); Sierra Nevada, cash \$13,222 65; North Bonanza, \$11,356 47; Potomac, \$31,599 38; Consolidated Imperial, \$9,134 22; Chohlar, \$10,085 04; Silver Hill, \$10,019 02; Challenge, \$6,590 69; Gould & Curry, \$32,809 06; Occidental, \$12,913 67; Alta, \$30,000; Bismarck, \$2,001 05; Flowery, \$322.44; Defiance, \$318 22; Navajo, \$472 54; North Belle Isle, \$8,316 72; Belle Isle, \$650 97; Independence, \$6,125 76; Argenta, \$990 88; Tioga, \$12,585 01; Summit, \$7,886 98; Bechtel, \$6,515 58; Booker, \$3,488 69; Double Standard, \$4,825 71; Bodie Con., \$11,552 98; Richer, \$446 25.

The following companies had an overdraft at the bank or other indebtedness on November 1st: Union Consolidated, \$15,242 25; Hale & Norcross, \$35,718 36; Lady Washington, \$10,557; Benton Consolidated, \$15,818; Utah, \$4,161 35; Eschweiler, \$18,720; Metcalf, \$5,748 39; Best & Belcher, \$5,339 68; Equator, \$4,716 39; McClintock, \$277 63; Mono, \$487 73; Alpha, \$13,522 23; Bulwer Consolidated, \$17,052 01; and Grand Prize, \$1,454 61.

A Washington dispatch of the 3d says:

At the head quarters of the Democratic Congressional Committee there has been a conspicuous absence of courage or confidence since the defeat of the party in Indiana. Before that nearly one hundred hands had been employed in folding and forwarding campaign documents, but after the Indiana disaster these hands were discharged, silence and gloom settled over what had been a hive of industry, and it was plain to outside observers that the Democratic backbone was broken. To-day, in conversation, the Democrats are free to confess that they were fairly without hope after the October gale. "It was Indiana that defeated Hancock," said a prominent Democrat to-day. "It was the decision of the Supreme Court making it an October State that proved our destruction." Amid the wreck of all their hopes the Democrats insist that had Indiana elected Landers in October Hancock would have walked into the White House in March.

The Republicans will have over seven majority in the House. It is thought a Republican Governor has been elected in Tennessee, and that they will secure the United States Senator.

The Enterprise, in even insinuating that the proprietor of the JOURNAL has any interest, direct or indirect, in the salary of the State Printer, commits an offense unworthy of itself.

In a private letter written to Washington before the Indiana election, Garfield said: "We lost Maine, but we will carry Indiana. Bull Run made Apomattoch possible."

STATE ELECTION NOTES.

Things are badly mixed in Eureka. There is a small majority for Garfield in the county. The vote on the legislative ticket is close. The chances are that three Republicans and two Democrats are elected. The White Pine and Lincoln legislative tickets are clear Democratic.

Congressional vote in Ormsby: Daggett (R.), 654; Cassidy (D.), 417. Supreme Judge—Beatty (R.), 632; Belknap (D.), 435. The whole county Republican ticket is elected.

Hancock has 69 majority in Lander county, a Republican gain of 67 since 1878. Cassidy's majority is 53; Belknap's 16. Two Democratic and one Republican (Soule) Assemblymen are elected. The Republicans elect two Commissioners, Assessor and Superintendent of Schools. The balance of the county officers are Democratic.

Humboldt county gives Hancock about 200 majority; Cassidy and Belknap a little less. The whole Democratic Legislative and county tickets are elected by majorities ranging from 100 to 200. The only exception is Assessor, which is yet close, with favorable prospects for the Republicans.

The Democratic majority in Elko county is about 100 on State officers. The entire Democratic Legislative ticket is elected. All the Democratic county officers are elected with the exception, perhaps, of County Commissioners, District Attorney and Public Administrator.

Douglas county, complete, gives Hancock 24 majority.

Lincoln county gives the following majorities: Hancock 152, Cassidy 138, Belknap 215, Democratic Legislature 152.

White Pine gives Hancock 40 majority, Cassidy 60 and Beatty 15, elects the entire Democratic county ticket, with the exception of Sheriff and one Commissioner, which are still in doubt.

In Churchill county Cassidy gets 50 majority and Belknap 47, and in Pioche the Democrats have 100 majority and elect the entire county ticket.

Political Speculation.

Next to the loss of the Presidency, the Democrats mourn the loss of their ablest men in the Senate—Wallace, Eaton, Kernan, Thurman and McDonald. They all go out with the close of the short session. A Washington dispatch of the 3d comments as follows upon the general result:

In speaking of this matter to-day a prominent Democrat told your correspondent that with the exception of Bayard there were not on the Democratic side four able Democrats than those who have been so summarily decapitated, and whose places will be taken by Republicans after March. Whether the Senate will have a working majority of Republicans is still a matter of doubt; but it looks much as if they would. The officials of the Senate, now in the city, are very uneasy. Among Washington business men and real estate owners generally the result is more satisfactory than otherwise. The election of Hancock, implying a complete change among Government officials, would have upset things here accordingly. During the past two months business has been almost at a standstill. The air is filled with predictions and, guess work as to what will be the result of this, the sixth defeat of the National Democratic party. Many are of the opinion it will go by the board; others that it will gather itself together again and come smiling for the next conflict. On one point, however, the members of both parties are pretty well agreed that the "Solid South" will now be broken. Prominent Democrats claim that it is utterly impossible for the party to try to win general success in the North with a "Solid South" millstone hanging to their necks. It is said that if two or three Southern States would swing into the Republican party, it would spike the biggest gun the Republicans ever had.

English Opinion on the Election of Garfield.

The Pall Mall Gazette of Wednesday evening says: It would be a mistake to regard General Garfield's election as a triumph of the politicians who brought discredit on General Grant. The strong feeling in the United States in favor of the honest and patriotic policy of the present Cabinet will teach far less shrewd men than General Garfield to follow the lines laid down by Hayes. For England the situation is satisfactory, as it resulted in a victory for the party which is most inclined to encourage satisfactory relations between England and America.

The Globe expresses satisfaction at the result of the election.

When General Garfield was assured beyond the possibility of a guess that New York had gone Republican by over 40,000, he expressed himself. He said: "The result means three things.

"First that the American people believe in the nationality of the Government; second, that they believe in a good, honest, healthy financial policy; third, they are determined not to narrow and disgrace the sphere of American politics by indulging a campaign of personal abuse."

Nevada and New Jersey are the only two Northern States for Hancock. New Jersey has long been considered out of the United States. Alas! Nevada.

OUR WASHINGTON LETTER.

WASHINGTON, Oct. 23, 1880.

Although it is now too late to write from this city concerning the coming election, I can speak of one fact, however, which I fear will cause serious disturbance before our next President is fairly seated in the Executive Chair. It is the well known, but little talked of, intention of the Democrats to cheat the Republicans out of their victory, if it be a narrow one. That such a crime is contemplated by the Democratic leaders, no one having knowledge of the facts, can doubt. It appears from facts recently brought out that a desperate attempt is to be made in Indiana to count the State for Hancock, or failing this, to prevent its being counted at all. This belief has good foundation. Why is it, that on Saturday last a call was issued to Indiana Democrats to send to Senator McDonald the particulars of all cases of

VIOLENCE, BRIBERY, FRAUD

Or technical infractions of the election laws occurring at the October or November elections. It is clearly a drag-net thrown out to gather ex parte affidavits, indefinite charges, rumors and gossip upon which to furnish the basis of an investigation as soon as Congress meets, to be used as an excuse for refusal of certificates of election to Republican members of Congress, and disfranchise the State in the choice of President. The same kind of a scheme is working in Maine, and if necessary her seven votes will be thrown out in the final count by Congress. It is not well to wink these facts out of sight. Republicans should be on the alert to detect, and if possible defeat them. The Democratic majority in Congress will stop short of no crime, if thereby Hancock can be placed in the Presidential Chair, even if he be defeated at the polls. A member of the Indiana State Democratic Committee recently let off the following secret: The people of Indiana never elected Porter. He was elected Governor of Indiana by ignorant black scoundrels from the South and by villainous repeaters from the East. Had an honest vote been polled in Indiana last Tuesday week, Landers would have been elected by 10,000 majority. If the Republicans contrive to carry Indiana for Garfield by the same scoundrelly frauds that they carried it for Porter, we can refuse to give their electors certificates of election. Let the matter

GO TO CONGRESS

And have that body investigate the frauds committed in this State. That's what we can do. I do not believe that Governor Williams will give any man a certificate of election if it is proved to him that that man was elected by unblushing fraud. He is an honest man, and believes in standing by the right of the people. Is this damnable rebel conspiracy to swindle the people out of the State? No! It is simply a warning to the political land pirates in the Republican party of Indiana to have a care next Tuesday week in repeating their hellish frauds. The number of

IMMIGRANTS

Arrived in this country, as reported by the Bureau of Statistics during the three months ending September 30th last, was 154,832, against 68,651, for the corresponding period of last year. During the same time this year, 18,355 citizens of the United States returned from abroad, and 8,862 foreigners visited this country, against 17,435, of the former and 7,080 of the latter for the same period of last year.

LOGAN.

Smallpox in San Francisco.

[Post, of Wednesday]

The Board of Health held this morning at eleven o'clock a special meeting at the Health Office, in regard to smallpox. A full board and Dr. Meares were present. The latter reported that smallpox in this city has taken within the last few days more and more the form of an epidemic. There were reported on last Monday 17 cases, on Tuesday 13 cases, and to-day 6 or 7; total, 36 cases since last Monday. All of the victims are respectable people, and had no idea how they contracted the disease. They were scattered all over the city. Dr. Meares, continuing, said: "I am sending them out as fast as possible to the Twenty-sixth Street Hospital, but I have only one ambulance, which is not sufficient to do the work. There are several patients in the city that I have not been able to send out. The ambulance horse is broken down and cannot do the work. Some people prefer to go out in hacks. More help is needed in the hospital.

On motion of Dr. Douglass Dr. M. Regensburger was appointed to vaccinate applicants at the Health Office. The following additional physicians were appointed to vaccinate free of charge to the public: Dr. J. Marks, No. 534 Montgomery avenue; C. A. Stivers, No. 642 Washington street; Dr. C. A. McLaughlin in South San Francisco. Dr. Douglass complained that a salary of \$5 per day for free vaccination was too much; \$100 per month would be enough.

Dr. Simpson thought it a good idea to appoint young men commencing practice. On motion of Dr. Simpson, the Health Officer, was authorized to appoint such nurses and vaccinators as he deemed necessary, upon consulting the Board. Dr. Douglass said it would be well if the health office be kept open day and night, and even on legal holidays. Nothing was done on this suggestion, and the board adjourned.

Case of R. R. Parkinson.

The Carson Tribune says that in the matter of the writ of Error before the U. S. Circuit Court in the case of R. R. Parkinson, there is a division of opinion between Judges Sawyer and Hillyer, and it has been decided to submit the matter to the U. S. Supreme Court for decision, so it is a hard matter to tell when the case will be finally decided.

Douglas Returns.

The Democratic-Independent ticket was successful in Douglas county. Johnson and Irvine were elected Assemblymen, and the balance of the ticket has been elected with the exception of Treasurer, Al Livingston, the Republican nominee, having a small majority. His vote is a majority ranging from 20 to 30.

Duck Flat and Salt Marsh.

Dave Martin brought in the returns from Duck Flat yesterday but forgot to take a copy. He remembers that 7 votes were polled, of which Garfield received 6 and Hancock 1, and the vote for Sheriff was Lamb 4, Walker 3. Of Salt Marsh he heard that 9 votes were cast for Hancock and 6 for Garfield.

From Eureka.

We received a dispatch from Eureka last night informing us that the Republicans elect the Senator and three Assemblymen.

The trial of Amos Alt for alleged bribery did not come off yesterday, a continuance of five days being granted to enable the attendance of an important witness. The case will probably be dismissed, as the Republicans admit that some of their men have been guilty of the same thing in times past, and that because they have been beaten at their own game they have no particular cause for complaint.

Controller Hallock and Treasurer Crockett went to Stockton last night to visit the Nevada insane patients. Wonder if the Democrats, now that they are in a majority in the Legislature, will provide for keeping our insane at home.

The Democrats are talking of a grand ratification meeting over their victory in this county and State. The Republicans also propose to ratify for Garfield. Why not join?

The receipts of the Nevada Central Railroad, from Battle Mountain to Austin, average \$16,000 per month. The expenses of operating are about \$7,000.

Elsewhere will be found a table showing the vote for President from 1789 down to 1876. It is valuable for reference.

The weather is not so wintry after all, except that Jack Frost is beginning to make it apparent that he is around.

The C. P. pay car came in from the West yesterday morning, and the Paymaster settled with the boys here.

The big reservoir is being stocked with fish of all kinds. Two more boxes of catfish arrived yesterday.

Billy Dickens, Republican, wins the fight for Public Administrator, by 8 majority. Bully for Billy.

The State Senate will be Republican. It will probably stand 15 Republicans to 10 Democrats.

It would not be a bad idea for everybody to get vaccinated.

The time for taxes to become delinquent is the 15th.

Are we to have a Thanksgiving ball or not.

New Trial Wanted.

The attorneys for Barney Fitzgerald, who was lately convicted of murder of the second degree and sentenced to twelve years imprisonment in the State Prison, will try and get a new trial, on legal grounds. Lawyers tell us that the verdict had will make his life safe, as the criminal law provides that no greater verdict can be inflicted than that of a decision made, as in this case. Of course, it will be next to impossible to get a jury here, if a new trial is secured, and a change of venue must follow per force. Should the case be taken to Storey, Fitzgerald's attorneys hope to acquit. Barney is now following his trade of tailoring.

Cheaper Than Ever.

Now that the election is over, M. Nathan is selling clothing cheaper than ever. So many suits were disposed of two persons betting on New York that he is now able to put down the price on almost everything. Let all who desire to be prepared for the cold snap now impending, go to Nathan's and select underclothing. Winter suits and good warm overcoats. Coin will buy these articles at lower figures than ever before heard of.

State Prison Warden.

The election of a Democratic Legislature secures to that party the Warden of the State Prison, and causes the State the loss of the services of Gen. C. C. Batterman. We understand that the Washoe delegation intend to present Joe Jones for the position. Joe is a Democrat the party delights to honor, and so we think that he will be the Warden. The Legislature elects in joint convention on the second Monday in February.

The J. & K. will make a clean-up on the 15th. The ore now being worked is \$20 rock, and mills \$16.

Judge Young will enquire into the Henderson-Bacchus stabbing affray at 10 this morning.

Among the members elect from Elko is Jas. Z. Kelly, a former resident of Reno.

Tom Hymers received every one of the 15 votes cast at Salt Marsh.

Stocks are not doing very well.

How to View Jupiter.

[New York Sun.]

No one who feels any interest in the earth's sister planets should lose the present opportunity to view Jupiter and his system of satellites through a telescope. It will be twelve years before the earth is so near this, the chief of all the planets, again. It is not necessary to visit an observatory in order to enjoy fine views of Jupiter. Even a good opera glass will show one or two of his moons, and a modern three-inch achromatic will give probably a better view of the planet than the astronomer were able to obtain with the largest telescope a hundred years ago. The telescopes of street exhibitors are often of excellent quality, and they will show the shadows of Jupiter's moons upon his surface when the moons are between him and the sun. The times of these transits, as they are called, may be obtained from the nautical almanac. Much may be done with ordinary spy-glasses. A pocket spy-glass will show the moons, and one whose object-glass is much above an inch in diameter, can, by a very simple device, be made powerful enough to show the main belt, in a good atmosphere. The eye-piece of an ordinary spy-glass consists of two little brass tubes, each containing two glasses. By separating these tubes three or four inches further than usual the magnifying power is greatly increased. This may be managed by a piece of card tubing, or an optician, for a few shillings, will make a neat brass tube that will admirably answer the purpose. In this way a spy-glass with an objective one and one-half inch in diameter may be made to show Jupiter's equatorial belt, and the disappearance of his moons when they go into his shadow. It will also plainly show Saturn's rings; but of course, it will not separate the two rings, or reveal the mysterious gauze ring. A first-rate three or four inch telescope, however, will do all this and much more. Jupiter passed his nearest point to the earth on Wednesday, and we are now being rapidly whirled away from him, but he will be the most conspicuous object in the evening sky for some time to come.

SUICIDES.—Suicide is inspired by various and very conflicting motives. Early in the war of the rebellion a boy hanged himself in Northern Ohio because his father would not let him enlist. A good many more persons put an end to their lives through the mere apprehension of being drafted and killed in battle. An exchange says that the wife of Judge Miller, of Lincolnville, Maine, hanged herself the other day to the bed post, leaving a note to the effect that she was drawing near seventy years of age, and feared she would come to trouble if she reached it.

YOU HAVE NO EXCUSE.—Have you any excuse for suffering with dyspepsia or liver complaint? Is there any reason why you should go on from day to day complaining with sour stomach, sick headache, habitual constiveness, palpitation of the heart, heartburn, water-brash, gnawing and burning pains of the pit of the stomach, yellow skin, coated tongue and disagreeable taste in the mouth, coming up of food after eating, low spirits, &c. No! It is positively your own fault if you do. Go to your druggist—and get a bottle of Green's August Flower for 75 cents your cure is certain, but if you doubt this, get a sample bottle for 10 cents and try it. Two doses will relieve you.

The U. S. Senate is likely to be Republican notwithstanding the loss of a Senator from Nevada.

A GENTLE HINT.—In our style of climate, with its sudden changes of temperature—rain, wind and sunshine often intermingled in a single day—it is no wonder that our children, friends and relatives are so frequently taken from us by neglected colds, half the deaths resulting directly from this cause. A bottle of Boschee's German Syrup kept about your home for immediate use will prevent serious sickness, a large doctor's bill, and perhaps death, by the use of three or four doses. For curing Consumption, Hemorrhages, Pneumonia, Severe Coughs, Croup, or any disease of the Throat or Lungs, its success is simply wonderful, as your druggist will tell you. German Syrup is now sold in every town and village on this continent. Sample bottles for trial, 10c.; regular size, 75cts.

JOB PRINTING.—This office has every facility for doing all kinds of job printing. And inasmuch as all home industries should have the preference over all others, we should be pleased to receive orders at any time for that class of work.

MOTHERS! MOTHERS!! MOTHERS!! Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the little sufferer at once—depend upon it: there is no mistake about it. There is not a mother on earth who has ever used it who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. 25 cents a bottle. Jan 10-15-S.W.F. & W.

The accumulated evidence of nearly thirty years show that the Bitters is a certain remedy for malarial disease, as well as its surest preventive; that it eradicates dyspepsia, constipation, liver complaint and nervousness counteracts a tendency to gout, rheumatism, urinary and uterine disorders that it imparts vigor to the feeble, and cheers the mind while it invigorates the body. If you go to the right place to get them. This is a mighty important point, for some people who assert that they sell cheap do nothing of the kind. We do not boast when we say that we defy competition in prices in anything in our line. Besides this we have only one price. We have no preferred customers. Every body is treated alike at our establishment. Our stock is the largest and most complete ever offered in any part of the State. Everything we have is new. No old, musty and out-of-date goods can be found on our shelves. We receive daily by rail and express the latest and best goods, which are obtained at first hand and sold at prices below those now prevailing in New York and Chicago. Let the people come and judge of our prices and examine our stock before going into those humbugging, Cheap John shops, in which they drum into the ear of the customer that they sell at cost and even below cost. Anybody with common sense must know that they lie. No storekeeper sells goods for the fun of the thing. We make a profit on everything we sell, as every honest merchant does, and don't print foolish falsehoods in the vain hope of deceiving the public. One must make a profit to live. We particularly call attention to our full stock of fancy underwear, such as is kept nowhere else in Reno. This class of goods forms one of our specialties. Orders from the country promptly attended to. Look out for the White Building with the Gold Sign.

DR. HALL'S BALSAM
Cures Colds, Pneumonia, Bronchitis, Asthma, Croup, Whooping Cough, and all diseases of the Breathing Organs. It soothes and heals the membranes of the Lungs, inflamed and irritated by the disease, and prevents the return of the disease by its action on the chest which is the seat of the disease. CONSUMPTION is not an incurable disease. It is only necessary to use the right medicine. HALL'S BALSAM is that remedy. It is a SURE PAIR OF RELIEF, for this balsam, applied to the chest, will cure you, even though professional aid fails.

Dr. H. H. Hines
Kewanee, Ill., writes us of a remarkable cure of Consumption. He says:
"A neighbor's wife was attacked with violent lung disease, and pronounced beyond help from Cough Consumption. As a last resort the family was persuaded to try HALL'S BALSAM. To the astonishment of all, by the time she had used one-half dozen bottles she was about the house doing her own work. I saw her at her worst stage, and had no idea she could recover."
